**FIRST QUARTERLY RESULTS ANNOUNCEMENT
FOR THE THREE MONTHS ENDED 31 MARCH 2018**

**CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED
(THE “STOCK EXCHANGE”)**

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and The Stock Exchange of Hong Kong Limited take no responsibility for the contents of this announcement, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

This announcement, for which the directors (“Directors”) of the Company collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the Growth Enterprise Market (the “GEM Listing Rule”) of The Stock Exchange of Hong Kong Limited for the purpose of giving information with regard to the Company. The directors of the Company, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief, the information contained in this announcement is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this announcement misleading.

FIRST QUARTERLY FINANCIAL HIGHLIGHTS

- The unaudited revenue of the Group increased by approximately 40.3% from approximately S\$2.7 million for the three months period ended 31 March 2017 to approximately S\$3.8 million for the corresponding period in 2018. This increase was mainly attributable to higher dividends received from the investment management business segment.
- Increase in revenue was nevertheless offset by a rise in expenses, mostly due to Listing Expenses, foreign exchange loss and higher staff cost.
- Due to the combined effect of higher staff cost, Listing Expenses and unrealised foreign exchange loss, the Group recorded a loss before tax of approximately S\$376,000 during three months period ended 31 March 2018, as compared to S\$114,000 for the corresponding period in 2017. If the one-off Listing Expenses were excluded, the Group would have recorded a profit before tax of approximately S\$612,000 and S\$588,000 for the first quarter 2018 and 2017 respectively.
- Loss per share during the three months period ended 31 March 2018 was approximately S\$0.02 cents.

FIRST QUARTERLY RESULTS

NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. CORPORATE INFORMATION

The Company is a company limited by shares, which is domiciled and incorporated in the Republic of Singapore (“**Singapore**”). The registered office of the Company, which is also its principal place of business, is located at 2 Bukit Merah Central #22-00, Singapore 159835.

The Company is an investment holding company. The Company’s subsidiaries were principally engaged in the provision of the following services:

- (i) investment management services, which includes (a) special purpose vehicle (“**SPV**”) investment management and (b) fund management;
- (ii) project consultancy and management services;
- (iii) property management and tenancy management services; and
- (iv) financial advisory services.

2. BASIS OF PREPARATION

The First Quarterly Financial Statements have been prepared in accordance with International Financial Reporting Standards (IFRS), which comprise all standards and interpretations approved by the International Accounting Standards Board. All IFRSs effective for the accounting period commencing from 1 January 2018, together with the relevant transitional provisions, have been adopted by the Group in the preparation of these financial statements.

In the current period, the Group has applied the following new International Financial Reporting Standards (“**new IFRS**”) which are, or have become effective:

Description	Effective for annual periods beginning on or after
IFRS 9 <i>Financial Instruments</i>	1 January 2018
IFRS 15 <i>Revenue from Contracts with Customers</i>	1 January 2018
IFRIC Interpretation 22 <i>Foreign Currency Transactions and Advance Consideration</i>	1 January 2018
Amendments to IFRS 2 <i>Classification and Measurement of Share-based Payment Transactions</i>	1 January 2018
Amendments to IFRS 15 <i>Clarifications to IFRS 15 Revenue from Contracts with Customers</i>	1 January 2018
<i>Annual Improvements to IFRSs Standards 2014–2016 Cycle:</i>	
Amendments to IAS 28 <i>Investments in Associates and Joint Ventures</i>	1 January 2018

Further information about those IFRSs that are applicable to the Group is as follows:

IFRS 9 *Financial Instruments*

IFRS 9 replaces the whole of IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 has three financial asset classification categories for investments in debt instruments: amortised cost, fair value through other comprehensive income (“OCI”) and fair value through profit or loss. Classification is driven by the entity’s business model for managing the debt instruments and their contractual cash flow characteristics. Investments in equity instruments are always measured at fair value. However, management can make an irrevocable election to present changes in fair value in OCI, provided the instrument is not held for trading. If the equity instrument is held for trading, changes in fair value are presented in profit or loss. For financial liabilities, there are two classification categories: amortised cost and fair value through profit or loss. Where non-derivative financial liabilities are designated at fair value through profit or loss, the changes in the fair value due to changes in the liability’s own credit risk are recognised in OCI, unless such changes in fair value would create an accounting mismatch in profit or loss, in which case all fair value movements are recognised in profit or loss. There is no subsequent recycling of the amounts in OCI to profit or loss. For financial liabilities held for trading (including derivative financial liabilities), all changes in fair value are presented in profit or loss. IFRS 9 introduces a new model for the recognition of impairment losses, the expected credit losses (“ECL”) model, which constitutes a change from the incurred loss model in IAS 39. IFRS 9 requires an impairment on debt instruments recorded at amortised cost or at fair value through other comprehensive income, lease receivables, loan commitments and financial guarantee contracts that are not accounted for at fair value through profit or loss under IFRS 9, to be recorded based on the ECL model either on a twelve-month basis or a lifetime basis.

The Group adopts IFRS 9 from 1 January 2018. The Group does not expect the adoption of IFRS 9 will have a significant impact on the classification of financial instruments and the Group’s financial performance and financial position, including the measurement of financial assets and disclosures, except the adoption of the ECL model may result in earlier recognition of credit losses of the Group’s receivables. The Group expects to apply simplified approach and record lifetime expected losses that are estimated based on the present value of all cash shortfalls over the remaining life of all of its trade and other receivables. The Group will perform a more detailed analysis which considers all reasonable and supportable information, including forward-looking elements, for estimation of ECL on its trade and other receivables upon the adoption of IFRS 9.

IFRS 15 *Revenue from Contracts with Customers*

IFRS 15 replaces the previous revenue standards: IAS 18 Revenue and IAS 11 Construction Contracts, and the related interpretations on revenue recognition. IFRS 15 establishes a comprehensive framework for determining when to recognise revenue and how much revenue to recognise through a 5-step approach: (i) identify the contract(s) with customer; (ii) identify separate performance obligations in a contract; (iii) determine the transaction price; (iv) allocate transaction price to performance obligations; and (v) recognise revenue when a performance obligation is satisfied. The core principle is that a company should recognise revenue to depict the transfer of promised goods or services to the customer in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. IFRS 15 provides specific guidance on capitalisation of contract cost and licence arrangements. It also includes a cohesive set of disclosure requirements about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity’s contracts with customers. Under IFRS 15, an entity normally recognises revenue when a performance obligation is satisfied. Impact on the revenue recognition may arise when multiple performance obligations are identified.

The Group adopts IFRS 15 from 1 January 2018. Based on the Group’s initial assessment, the adoption of IFRS 15 may have significant impact on the Group’s current pattern of revenue and profit recognition for its performance fees from a major investor in return for providing a priority right to this investor from its SPV investment management

services. Currently, the Group recognises such performance fees when performance obligation is satisfied and when uncertainty is resolved. IFRS 15 prohibits the recognition of variable consideration as revenue until it is highly probable that a significant reversal of the cumulative amount of revenue recognised will not occur upon the resolution of the uncertainty. The Group expects that application of IFRS 15 may result in earlier recognition of revenue when performance obligation is satisfied and when the highly probable requirement is fulfilled rather than when the uncertainty is resolved. The Group elects to use the modified retrospective transition method for the adoption of IFRS 15 and will recognise the cumulative effect of initial application as an adjustment to the opening balance of equity as at 1 January 2018.

3. SEGMENT INFORMATION

For management purposes, the Group is organised into business units based on its products and services and has the following reportable segments, as follows:

(a) **Investment management**

The Group provides investment management services for investors to invest into real estate projects or funds by setting up a single investment vehicle (Investment SPV) or fund holding entity.

(i) *SPV investment management*

The Group provides investment management services to investors of real estate development projects by establishing and incorporating Investment SPV through which the investors participate in the project by subscribing convertible loans that are issued by the Investment SPV. With respect to a major investor, the Group also derives revenue in return for providing a priority right to this investor to participate in the Group's real estate development projects. Post establishment and incorporation of the Investment SPV, the Group continues to provide investment management services to the investors by managing the Investment SPV up to the time of project completion. The Group also holds the Establishment Shares received from investors to remunerate its SPV investment management services provided, through dividend distribution and return of capital from the relevant Investment SPVs.

(ii) *Fund management*

The Group renders fund management services by establishing and serving as manager of private real estate funds. Under this arrangement, the Group is responsible for the origination of the investment of the fund, establishment of the investment structure, placement to investors and management of the funds' investment portfolio where it actively sources for real estate deals and manage the investment process for the funds, manages the assets owned by the funds, and sources for avenues for divesting the investments in order to maximise the funds' internal rates of return.

Under the contracts entered into with the private real estate funds, the Group is entitled to fund Establishment Fee and fund management fees based on a percentage of committed capital and performance fees based on a percentage of return on equity of the fund upon divestment of all investments in the fund or expiration or early termination of the fund life. The fund management fees are received semi-annually or annually and are recognised on a straight-line basis over the contract terms. The fund Establishment Fees and performance fees are recognised as and when the Group's rights and entitlement to the fees are established.

(b) Project consultancy and management services

Project consultancy and management services rendered by the Group to real estate developers generally comprise services in the areas of tender consultancy and research, design development consultancy, marketing project management, sales administration, and handover and property defects management services coordination of legal services, as well as finance and corporate services. These services are provided to real estate developers and help to address various needs during each major stage of real estate development projects.

(c) Property management and tenancy management

The Group's property management services primarily include maintenance management services and ancillary services, such as accounting and financial services. Properties managed by the Group comprise residential properties as well as non-residential properties including commercial buildings, office buildings and industrial parks.

The Group's tenancy management services primarily relate to defect management, rental management, lease advisory services, administrative management and tenants care management.

(d) Financial advisory

The Group's financial advisory services primarily relate to corporate finance advisory services.

4. REVENUE

8. DIVIDENDS

On 21 March 2018, the Company proposed to pay a final dividend of 0.2 Singapore cent per ordinary share for the financial year ended 31 December 2017. The proposed dividend is subject to shareholders' approval at the 2017 annual general meeting.

The Board did not recommend the payment of any dividend for the three months ended 31 March 2018 and 2017.

MANAGEMENT DISCUSSION AND ANALYSIS

The following management discussion and analysis (MD&A) for ZACD Group Ltd. (the “**Company**”, together with its subsidiaries as the “**Group**”) has been prepared and reviewed by the management for the period ended 31 March 2018. All amounts are expressed in Singapore Dollars unless otherwise stated.

The Group’s MD&A is divided into the following sections:

- (1) Executive Overview;
- (2) Financial Review;
- (3) Use of Proceeds; and
- (4) Business Outlook.

Executive Overview

During period under review, the Group managed a total of 21 investment structures under the PE structures and fund structures over 21 real estate projects and assets in Singapore, Malaysia, Indonesia and Australia. The Group also provided ongoing project consultancy and management services to a total of 8 real estate projects in Singapore, delivered ongoing property management services to 25 real estate projects in Singapore and Malaysia, and tenancy management services to 6 property owners in Singapore and Malaysia.

Financial Review

Revenue

The unaudited revenue of the Group increased by approximately 40.3% from approximately S\$2.7 million for the three months period ended 31 March 2017 to approximately S\$3.8 million for the same period in 2018. This increase was mainly attributable to higher dividends received from the investment management business segment.

Increase in revenue was nevertheless offset by a rise in expenses, mostly due to Listing Expenses, foreign exchange loss and higher staff cost. Total expenses were recorded at approximately S\$4.4 million for the three months period ended 31 March 2018 as compared to approximately S\$2.9 million for the corresponding period in 2017.

The following table sets forth the breakdown of our operating segment information for the period ended 31 March 2018 and 2017:

(a) *Investment Management Services*

The unaudited revenue of the Group doubled from approximately S\$1.2 million for the first quarter 2017 to approximately S\$2.5 million for the corresponding period in 2018. The increase was mainly due to dividends derived from several Investment SPVs. This implies the Group's ability to successfully manage these Investment SPVs up to the time of project completion, and delivers dividends and/or profit distributions to the investors. No new Investment SPVs will be established as the Group focuses to expand fund structures instead, which is the Group's current adopted business model. With additional funding from equity market, the Group is allocating more resources to continue sourcing for quality real estate projects that deliver attractive return to our investors in the investment management service segment.

(b) *Project Consultancy and Management Services*

The unaudited revenue of the Group remained stable at approximately S\$415,000 for the first quarter in 2018 as compared to approximately S\$489,000 for the corresponding period in 2017. Some contracts are expired after the projects are completed, although new contracts also commenced and are carried out during 2018. The Group is looking into both local and international region to secure more contracts during the year, broaden its client base, and diversify its portfolio. There are a few ranges of investment options that the Group is considering. During the period under review, there is no specific target identified.

(c) *Property Management and Tenancy Management Services*

The unaudited revenue of the Group was level at approximately S\$874,000 for the first quarter in 2018 as compared to approximately S\$980,000 for the corresponding period in 2017. During period under review, some contracts are not renewed at the end of the contract term. The Group is rallying to get new contracts in strata and assets management in prime area in Singapore which construes higher building management fee. Meanwhile, related administrative functions is in the process to be internally managed to achieve cost efficiency.

(d) *Financial Advisory Services*

No revenue was recorded in first quarter 2018 as this business segment is still ramping up since its establishment in December 2016. A loss in first quarter 2018 was resulted from incurring staff cost, office rental, travelling expenses and other operational costs. The Group is actively pitching for corporate advisory mandates, in order to grow its presence and expand its advisory channel. The Group is also actively expanding its team by selective hiring of suitable professionals in both its Singapore and Hong Kong offices.

Other income and gains

Other income and gains mainly consists of government grants and bank interest income. Government grants were received by certain subsidiaries of the Company in connection with employment of senior Singaporean workers under Special Employment Credit and Wage Credit Scheme and enhancement/scale up of business capabilities under Capability Development Grant provided by the Singapore Government. There were no unfulfilled conditions or contingencies relating to these grants.

Staff costs

Total staff costs (including remuneration of the Directors) for the three months period ended 31 March 2018 was approximately S\$1.8 million, as compared to approximately S\$1.5 million for the corresponding period in 2017, mainly due to increase in headcount. As at 31 March 2018, the Group had 111 employees as compared to 103 as at 31 March 2017.

Other expenses, net

Other expenses, net increased by approximately 78.6% from approximately S\$1.1 million in first quarter 2017 to approximately S\$2.4 million in first quarter 2018. The increase was mainly due to increase of Listing Expenses by approximately S\$363,000 and unrealised foreign exchange loss by approximately S\$638,000.

Majority of the proceeds from the Company's listing is retained in Hong Kong Dollars while presentation of the Group's reporting is in Singapore Dollars. Singapore Dollars strengthened against Hong Kong Dollars as at 31 March 2018, with conversion rate of HK\$5.98 as compared to HK\$5.85 as at 31 December 2017. The Group mitigates the exchange rate risk by implementing working capital management and selective conversion and depositing in local and foreign currencies.

Income tax credit

No provision for profits tax has been made during the three months period ended 31 March 2018. The Group benefited from progressive tax system in each tax jurisdiction, whereas under Singapore's one-tier system, dividend income is tax-exempted when it is received by shareholders.

Loss for the period

Due to the combined effect of higher staff cost, Listing Expenses and unrealised foreign exchange loss, the Group recorded a loss of approximately S\$376,000 during three months period ended 31 March 2018, as compared to a loss of approximately S\$37,000 for the corresponding period in 2017.

If the one-off Listing Expenses were excluded, the Group would have recorded a profit of approximately S\$612,000 and S\$588,000 for the first quarter 2018 and 2017 respectively.

Note 1: During the three months ended 31 March 2018, the Group has allocated the entire bridging reserve fund for participating in land parcels and/or real estate assets tendering to secure potential attractive real estate projects. During the period, the Group participated in two biddings of certain parcels of land and utilised the bridging reserve fund as to 63.5% for the payment of tendering deposits. Such biddings were not successful.

Business Outlook

Following our successful IPO in Hong Kong in January 2018, we are equipped with enhanced abilities to source for more attractive real estate investment opportunities for our investors, and to explore new business and expansion opportunities across all our business segments. Our status as a listed company will also allow us to more efficiently access the equity capital markets to fulfil our capital needs when and if necessary.

The listing proceeds has been allocated to cover different areas of the Group's business expansion, the majority of which is for setting up a bridging reserve fund. This bridging reserve fund will better allow us to participate in more tenders or sales for land parcels and/or real estate assets, which in turn will enable us to be more proactive in securing attractive potential real estate investment opportunities for our investors. To support these growth strategies, additional staff and professionals will be hired to lead and manage the expanding business.

On the macro economic front, Singapore's GDP forecast is trending positively and the real estate markets in the rest of the Asia-Pacific region generally are holding up well, which should benefit our Group in expanding our businesses and increasing our assets under management in the investment management services segment. The Group believes there are ample opportunities to capitalise on the expected increases in demand for real estate investment and development.

We forecast 2018 to be an exciting year of organic growth and expansion for the Group as we seek to develop new business lines and enhance our service offerings. We will also explore investor outreach initiatives, introduce new investment products and collaborate with other financial institutions.

CORPORATE GOVERNANCE PRACTICES

The Board has adopted the principles and the code provisions of Corporate Governance Code contained in Appendix 15 to the GEM Listing Rules. During the period from the date of the listing and up to the date of this announcement, the Company has complied with all applicable code provisions of the CG Code as set out in Appendix 15 to the GEM Listing Rules. The Group has outsourced its internal audit function to external provider in Year 2017, and is still continuing the practice in Year 2018. However, the Group will evaluate the need for establishing an in-house internal audit function, as it will help the Group to accomplish its objective by bringing a cost effective, systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance process.
